Creation of (14) additional units

Dear Commissioner Welsh:

Application is hereby made on behalf of **TURNKEY E&P CORPORATION** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To create 14 additional drilling and production units for the exploration for and production of oil and gas from the Cockfield Zone, Reservoir A, in Clear Creek Field, Beauregard and Allen Parishes, Louisiana, said units designated CF RA SUE through CV RA SUR, all as shown on the plats attached hereto and made a part hereof.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units, with each separate tract sharing in unit production on a surface acre basis of participation.
3. To amend the spacing provisions of Office of Conservation Order No. 308-D, effective June 5, 2007, to allow any future unit, substitute and/or alternate unit wells to be drilled to the Cockfield Zone, Reservoir A, at locations no closer than 100 feet from the nearest unit line and no closer than 500 feet from any well completed in, drilling to, or for which a permit shall have been granted to drill to the same pool.

5. Except as herein set forth, to extend to the proposed additional units all pertinent provisions of Office of Conservation Order No. 308-D, effective June 5, 2007, and applicable Statewide Orders.

6. To consider such others matters as may be pertinent.

The Cockfield Zone, Reservoir A, in the Clear Creek Field, Beauregard and Allen Parishes, Louisiana, was previously defined in Office of Conservation Order No. 308-D, effective June 5, 2007.

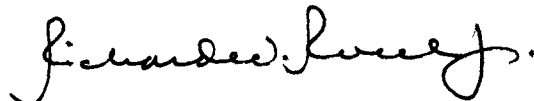

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from David Comeaux of Leon Comeaux & Associates, Post Office Box 53922, Lafayette, Louisiana 70505, Telephone Number 337/233-9839.

Pursuant to the Revised Rules of Procedure, a pre-application conference was held on September 6, 2007, in Lafayette, Louisiana, at which the parties named on the attached list were in attendance. The conference was opened by representatives of the applicant who explained the bases for the units being requested. Several questions were asked and answered. An offset landowner outside the pattern of proposed units expressed opposition to the applicant's request to change existing spacing provisions in Office of Conservation Order No. 308-D. No counterplans were presented, and the conference was then adjourned.

Attached hereto and made a part hereof are plats outlining the applicant's proposal, the conference attendance list, and the list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being mailed. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished **ONLY** to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be furnished to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Very truly yours,

Richard W. Revels, Jr.
